8. Information of "X" genders

As announced by Minister Hussen on August 24, 2017, Immigration, Refugees and Citizenship Canada (IRCC) is working to introduce an "X" gender designation in its citizenship, immigration and travel documents.

As of today, IRCC will offer interim measures to those requesting an "X" designation in their Canadian citizenship and/or immigration document, passport or other travel document.

An "X" will make it easier for people who do not identify as male or female to acquire documents with a gender designation that better reflects their gender identity.
